HISTORY

Southside High School

Southside High School, Dinwiddie, Virginia has as its origin the Dinwiddie Normal and Industrial School. For many years this was the only high school in Dinwiddie County for Negroes. This school took pupils from the elementary grades through high school. They had to pay a small tuition fee to attend since it was owned and operated by the African Methodist Episcopal Zion Church.

This school served somewhat as an orphanage for homeless and underprivileged children from various northern states. After completing the four years high school course, students received a two year teaching certificate. Many taught in this and other counties under this plan.

Because the county did not have a high school, Mr. Woodyard interceded with county authorities to get them to pay the tuition for the pupils. This provided many more children the opportunity of a high school education without cost to them or their parents. This continued for several years. Later, the county began paying the teachers' salaries, although the school was still operating under the name of Dinwiddie Normal and Industrial School.

In 1939, the Dinwiddie Training School came into view to replace the old school. This school served Dinwiddie County well until it was destroyed by a mysterious fire in the early spring of 1953. The graduating class had its commencement exercises in the Mount Level Baptist Church.

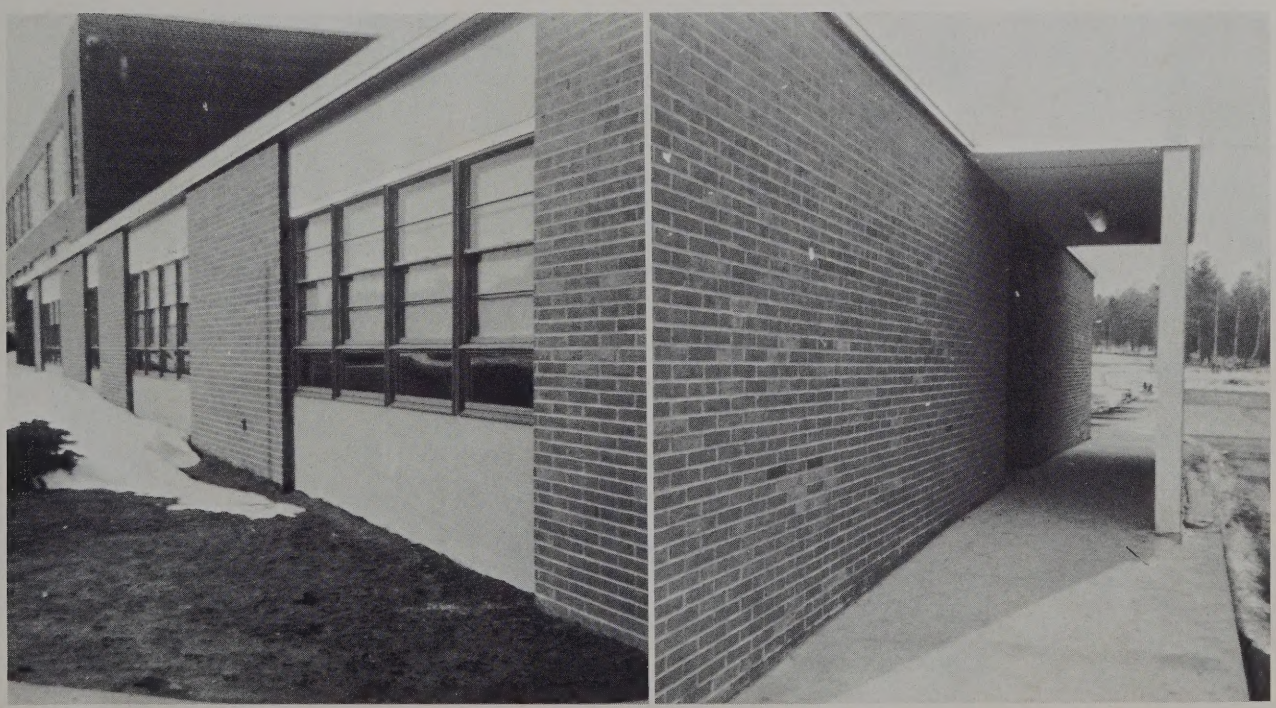
September of '53 the school opened again in the old frame building of the still existing Dinwiddie Normal and Industrail building with some remodeling done by the county for safety protection of the pupils. This building was housing the agriculture, industrial arts, home economics departments even during the life time of the brick structure, Dinwiddie Training School.

A new, larger and much more modern structure was already in the making on Highway No. 1. This building was to become the new high school for Negroes of Dinwiddie County. The old Dinwiddie Training School was to become a consolidated elementary school, but fire denied the county pupils this privilege.

This school was completed in the spring of 1954 with the graduating class holding its Baccalaureate and Commencement exercises in the new gymtorium.

In 1956 this structure was dedicated the Southside High School of Dinwiddie County with Dr. Roy W. Watson, principal.

In the fall of 1965 an addition was completed to the Southside High School. This wing comprises four science classrooms, two science laboratories and one French laboratory.



FOREWORD

As the school year passes we pause to catch a final glimpse of everything we have done. Our classmates, our friends, our teachers have all played a part in this, our years at Southside High.

We have attempted to preserve the memories through words and pictures. You, the students of Southside made it; you loved it; here it is --

DEDICATION

Our ultimate goal is to obtain excellence in all phases of worldly endeavor, and extend gratitude to those who have aided us in the past.

Had it not been for their constant encouragement and undying interests we could not have reached this step in our educational advancement. The foundation which they have given us is responsible for our successful deeds of the past and paves the way for worthwhile future achievements.

Therefore, it is with solemn veneration, we proudly dedicate the '66 SOUTHSIDEAN to members of the Southside High School who have together contributed over two hundred years of service in the teaching profession.

MAY GOD BLESS AND KEEP YOU.

ADMINISTRATION & FACULTY

A STATEMENT BY THE PRINCIPAL

The production of a yearbook has been an obsession with students and teachers of Southside High School for more than a decade. The realization of this persistent notion represents a break through that the students and teachers well deserve.

This yearbook provides a unique opportunity to preserve cherished memories that remoteness of time would obscure withour this means as a source of reference.

I am hopeful that the time, effort and expense invested in this high school enterprise will prove to be a rewarding experience.

This statement should not be closed without recognizing Mr. Legert Hamilton, Chief Sponsor and his staff of students and teachers for their tireless efforts in securing and assembling materials for this yearbook. Acknowledgement of appreciation is also in order for the financial support received by the many friends of the Southside High School without whose support this yearbook would not have been possible.

CLASS POEM

A School I Love So Dear

In this great school I have dwelt,
For five long years from the eighth to the twelfth;
And soon the time will come for us to part,
Leaving many aches and pains in our hearts.

It will hurt us greatly to think of the precious
moments we have spent together,
And can only wish that they could have lasted forever.

It won't be long before we meet again,
Some of the people we call our friends.

We sit solemnly thinking of the many days and nights,
And count the weeks as they drift out of sight.
We have been anxiously waiting the great month of
June,
And when that time approaches you will wonder how
the time went so soon.

But until that time comes; stay full of cheer,
Because it won't be long before you will have completed your twelfth year.

Louis Peace

SONG

Dear Old Southside High

(In the tune of "Because of You")

Southside High how we cherish the name,
In later what we've learned here will bring us Fame
Your very name does make us proud,
In all our hearts we'll sing aloud
"We love you, we love you, dear old school."
Within these halls we've met friends and teachers too,
Within these rooms we have learned just what to do.
"Knowledge is the Pass Word to Success"
Oh! How we love dear old Southside High.

We're leaving you dear old Southside High
Our memories will fade back to you by and by,
Our colors, Blue and White are true;
We'll always love and cherish you,
Forever and ever -- always.

To "Blue and White" in our hearts we'll
e'er be true.
Teachers and friends we'll remember you;
But most of all we will never forget, the
Times we've had at
Dear OLD SOUTHSIDE HIGH!

CLASS PROPHECY

As we gaze into the crystal ball for the year '76, we will probably see the class of '66 of Southside High engaged in many activities and occupations. Let us take a look at some of the possibilities. The Southsidian Village is about to begin:

John Mason, Arthur Lee and Louis Peace are engaged in electronics. Eugene Hofler, Thomas Lacy, Earl Hammond and Horace Williams will have completed the sketches and plans for building and wiring houses and offices which are to be erected. John Thompson and LeRoy Ragsdale have been selected as head contractors; Linwood Harris, Willie Williams, Connie Jones, Everett Johnson and Haywood Johnson will be doing the carpentry work. Arthur Wright and Walter Williams have been asked to be the artists. To assist the artists, Frances McAlpine will offer suggestions in relation to interior decorations. In the meanwhile, Charlie Brown as Consumer Educationalist along with his secretary, Charlotte Lewis, working out the financial plans and Lauren Hayes working out the legal aspects of the business. To transact some of the business are two successful businessmen, Russell Gholson and Philip Roney, who are being called to assist the lawyer. The secretaries to these men are Ruby Brown, Florence Graves, and Rosa Lee Cragg. Thanks to the laborers, the buildings have now been completed. Charles Bethune, Geraldine Worsham, Esterlene Bell, Junius Moore, Louis Baines, Harriet Bonner and Roxie Bonner were the first tourists to the village. They spread the findings to foreign countries. Seeing that foreign interpreters were needed, Cynthia Parham, Valery Freeman and Alice Roney are there. The Hospital has a chief of staff, Pamela Bracey and seven nurses: Carolyn Hammond, Geraldine Miller, (aide) Selester Robinson, Betty Stith, Wilma Moody, Thelma Williams and Ella Pulley (R.N.) Sharon Walker works as a secretary at the Hospital.

Wait! Who is this in white? Why it is none other than Andrew Johnson, head physician, along with Cheryl Epps who works in the Nursery as chief Child Psychologist. Their receptionist is Patricia Gibbs.

The crystal ball grows dim. Wait! I see something coming in view. It is the White House. Guess who is working there as a stenographer? None other than Erma Street. Working there also is Marguerita Ragsdale as chief journalist aided by her secretaries Beverly Bonner and Barbara Jefferson. Also working for the government as IBM operators are Philip Tucker and Roylee Cragg.

I see a cloud and there is an airplane and on board, going over seas, is Michael Young, Thomas Smith and Floyd Roney who have joined the Armed Forces.

Let us rejoin the other Southsidians. New neighbors have moved in, namely: Marva Tucker, Etta Thweat, Mary Pegram, Christine Gilliam as switchboard operators. The city's chief cosmetologist is none other than Estelle Walker who has been working in New York. Let us move on to the successful Homemakers Club, where we see Brenda Hicks, Alice Drumgoole and Pauline Robinson working on Project Head Start. Gloria Hawkins works as an elementary education teacher.

As the crystal ball grows dim, we see Lee Patterson, Winston Bower, Lester Bonner working in the Auto Mechanics shop. Loretta Chapman has finished her singing tour and is now headed to Carnegie Hall. Everything is fading from view and it is time for us to return to the present.

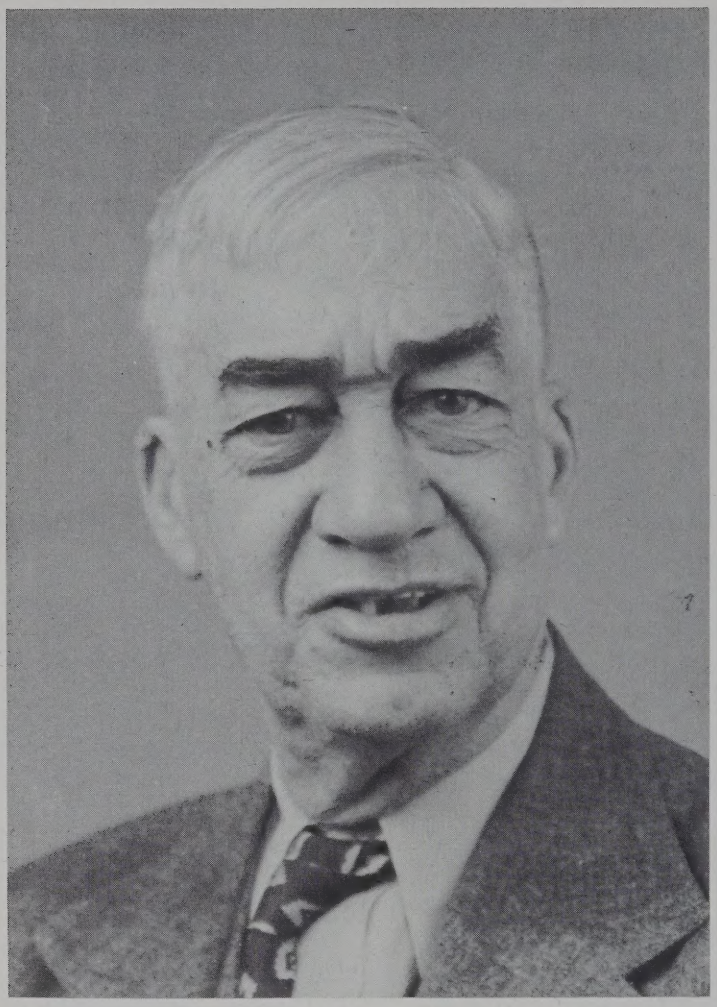
IN MEMORIAM



WALTER EDWARD WOODYARD
1882-1965

Mr. Woodyard came to Dinwiddie as principal of the John A. Dix school in 1915. It was later called the Dinwiddie Normal and Industrial School.

During his long term of service as the principal of Dinwiddie N&I the School underwent many changes.

Mr. Woodyard has graduated doctors, ministers, lawyers, teachers and many in other professions. Many of his students did not pursue higher education but they attribute their success in life to having been counseled by Mr. Woodyard.

Because the county did not have a high school he opened the doors of this school to the pupils with the county paying the tuition for them.

Later the county paid the teachers' salaries.

After much persuasion on his part the county built a high school in 1939. This was the first high school for Negro pupils in Dinwiddie County.

Mr. Woodyard remained principal of this school known as the Dinwiddie Training School until his retirement in 1949.

In the county he was a great influence in many areas other than the field of education. He worked with the NAACP and many other organizations.

He served as president of the Fourth District Teachers Association and on many committies.

We who know him pay tribute to him for his many years of untiring service for his fellowmen here in Dinwiddie County.

Many of the teachers here are graduates of the old Dinwiddie N & I and later the Dinwiddie Training School.

We are proud to dedicate this page to such a noble character.

Born in Mobile, Alabama, Mr. Woodyard was graduated Magna Cum Laude from Fisk University, Nashville, Tennessee with the B. A. degree in Liberal Arts. He also received an honorary Masters Degree from Livingstone College, Salisbury, North Carolina.

Before coming to Virginia, Mr. Woodyard taught in North Carolina, Alabama, and Tennessee.

He served as college professor at the Saint Paul's College, Lawrenceville, Virginia.

Dear Cheryl,
I'll always remember
you as one of my best friends.
Our friendship has been wonder-
ful, we seldom gets mad at
each other and if we do we
will always come back as if
nothing happen. Remember the
26th. May when Seles,
you and myself went to Town
and came back to a certain
places and left notes on
two particular cars. We have
had so many wonderful times
together. Remember me when you
leave and go your way because
I guess I'll always be.
back here at home. I'll miss
you when school close. Remember
this in life, as in Chess think
before you jump.

Friend always
Wanda

P.S.
Remember the 7th
Grade especially the
Day when Louis Philly
followed me home.

Dear Cheryl,
I have always valued your friendship, because you are a nice person and wonderful friend. Always remember our times together in that terrible alto section in the choir.
